ORDER:

In the reference read above, the Engineer-in-Chief (R&B), State Roads, Hyderabad has stated that the Puthalapattu –Naidupet road is an important State Highway in the State. Number of roads joins the Srikalahasti town as it is a famous pilgrim centre. The reach from K.M 86/6 to 91/0 is under control of the Engineer-in-Chief State Roads. The said reach is in the Srikalahasti town limits. The reach from Km.86/6 to 87/8 is four lane road. The existing steel girder bridge got damaged due to plying of heavy tonnage vehicles. The heavy tonnage vehicles traffic including busses is not allowed on the bridge. Light vehicles like cars, autos bikes etc., are only allowed on the bridge as precautionary measure. The traffic is diverted on bypass road and is allowed into the town from Naidupet side entrance. Thus the traffic is increased very much and causing very much inconvenience to the vehicular traffic. Hence it is proposed to widen the road to four lane road with centre divider in order to mitigate the problem. Hence the estimate is necessitated and prepared.

2. The Engineer –in - Chief(R&B) State Roads, Hyderabad while submitting the proposal for the subject work has certified that stage-1 approval is not required as detailed investigation is completed, designs are finalized. No land acquisition is required for taking up the subject work.
